Article 6 Innovative
Measures

PROVINCIA
DI BERGAMO

Aims and Objectives

- Solve in a sustainable, active and concrete long lasting way the situation of intersectorial crisis (metallurgic, textile, mechano textile).
- Reinforce the capacity of the territories and of the partnership involved to adapt to the new economic scenarios caused by the globalisation of the markets and the delocalisation of the production.
- Find new solutions for problems arose in the territories.
- Create a permanent network.

Expected Results

- Creation of territorial mechanism or systems to manage the change processes with the active cooperation of local and regional administration.
- Creating systems to prevent and manage the crisis in specific context.
- Elaboration and improvement of systems and instruments to help SMEs to face the change processes.

Project Details

- European Commission Employment ,Social Affairs and Equal Opportunities DG.
- Innovative Measures financed under Article 6 of the European Social Fund Regulation - 3rd call 2003.
- Total budget € 838.304,00.
- EC contribution € 568.304,00.
- Start Date 1st October.
- Duration 18 months.
- Partnership of 9 Institutions from 4 countries.

Work packages

The project is divided into 4 phases:

- Project management performing.
- Research: preventing and managing the crisis.
- Experimentation: application of different integrated instruments: change management, corporate governance and social responsibility.
- Creation of a permanent network.
